‘How To’ Guide for Delegates

Welcome to the delegate guide for the event on the virtual platform

This guide will step you through the process of joining the FLOOR platform and the functions available to you once you have joined.

Joining the FLOOR Platform

Join the Live event by clicking on the webcast link that has been sent to you.

This will then direct you to a web page, like the one below

Ideally please use Chrome or Firefox Other browsers have security issues with the FLOOR platform and often don’t work correctly

The form asks you to register in one of four ways,

1. Google
2. Facebook
3. LinkedIn
4. eMail

Please note, if you choose Google, Facebook or LinkedIn the form will try to extract your information directly from your profile on that platform.

Selecting email as the registration type will then ask for your email address, once supplied it will then send you an email and an invite code

Return to your inbox and search for an email like this from 10Times –
In the email you have received there is a long joining code, copy that code and return back to the platform login screen where you clicked on join with email, post that code in the box that says *sign in using join code*

It will then prompt you for additional information,

- Your name
- Your organisation or company
- Your designation (job role)
- City
- Country
- Phone number (plus country code)

Once you have completed registration, the event FLOOR platform will open and you will arrive in the section called registration.
You can check (and edit) your profile by clicking your image at the top right of the screen. If you would prefer you can create an avatar (cartoon) of yourself - https://edu.pixton.com/solo/

In the Update profile option we recommend you update all of your info including your profile image so your colleagues can easily connect with you.

Once your profile is updated click on the Floor/Entrance icon in the top left corner, this will open a 3D image of the event layout.
